Projects

I created a list of frontend developer learner's projects ranging from a simple calculator to my personal portfolio. You can check them out *here*

Expertise

- *HTML*
- *CSS*
- *JAVASCRIPT*
- *REACT*
- *GIT*
- *GRAPHIC DESIGN*

Language

English

Yoruba

Oseni Abdulsamad Adeshina

Frontend developer

Highly motivated and skilled Junior Frontend Developer with a passion for creating user-friendly and visually appealing web applications. Proficient in HTML, CSS, and JavaScript, with a solid understanding of modern frontend frameworks like React. Committed to continuous learning and eager to contribute to dynamic development teams. Strong problem-solving and communication skills, ready to tackle new challenges in the ever-evolving world of web development.

Experience

2022 - 2023
ALX software engineering
Intern

During my internship at ALX SWE, I gained valuable hands-on experience in essential software development tools and technologies. I honed my skills in Git version control, shell scripting, and C programming. Additionally, I actively collaborated on real-world projects using GitHub, further enhancing my understanding of software development workflows and team dynamics. This immersive internship has significantly enriched my technical proficiency and problem-solving abilities in the software engineering domain.

Education

2021 to date
PhD in Civil Engineering
Federal University Oye Ekiti
CGPA: 4.32

Certifications

July 2023
Mimo Learn to Code

View certificate
This certificate represents my dedication to continuous learning and my commitment to becoming a skilled web developer, ready to take on exciting challenges in the digital world.
